Digestive Remedies in Uzbekistan

October 2024

Table of Contents

Digestive Remedies in Uzbekistan - Category analysis

KEY DATA FINDINGS

2024 DEVELOPMENTS

The implementation of VAT boosts retail value while volume sales struggle
Sales of H2 blockers decline as consumers migrate to proton pump inhibitors
Rising awareness of digestive health issues drives sales of enzyme

PROSPECTS AND OPPORTUNITIES

Local cuisine spurs the development of the digestive remedies landscape
Generics options fill supply gaps and drive sales on the landscape
Shifts on the landscape will favour local digestive players above international offerings

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.

For more information on this report, further enquiries can be directed via this link www.euromonitor.com/digestive-remedies-in-uzbekistan/report.
