Writing Instruments in South Korea

January 2025

Table of Contents

KEY DATA FINDINGS

2024 DEVELOPMENTS

Volume growth becoming hard to achieve as electronic devices replace writing instruments, which are increasingly seen as accessories
The TMON-WeMakePrice crisis is another factor impacting players
Monami offers Korean designs to attract consumers

PROSPECTS AND OPPORTUNITIES

Struggle to achieve volume growth as education set to increasingly go digital
Other non-grocery retailers expected to maintain its dominance
Stationery-specialised stores likely to look for other avenues for growth

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
