Imaging Devices in Malaysia

July 2024

Table of Contents

KEY DATA FINDINGS

2024 DEVELOPMENTS

Imaging devices continue to feel the heat from smartphones but tourism offers some respite for digital camcorders
Emergence of lower-priced alternatives exerts some pressure on GoPro
E-commerce on the rise but physical stores retain a strong preference

PROSPECTS AND OPPORTUNITIES

Influencers and digital content creators to spur sales
Online promotions and BNPL are likely to make imaging devices more attractive purchases
Rising trend for refurbished/used products to dampen new purchases

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.

For more information on this report, further enquiries can be directed via this link www.euromonitor.com/imaging-devices-in-malaysia/report.
