Footwear in Sweden

January 2025

Table of Contents

KEY DATA FINDINGS

2024 DEVELOPMENTS

Women’s footwear supports retail value and volume sales while sports footwear struggles
A movement towards niche and premium footwear brands impacts the competitive landscape
Players focus on omnichannel strategies while improving online services

PROSPECTS AND OPPORTUNITIES

Outdoor and performance footwear, and formal and bolder designs will drive retail value
Frequent discounting will act as a barrier to stronger growth across the forecast period
Recyclable materials and a focus on durability is set to rise as players improve their sustainable attributes

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
