

Confectionery Packaging in Switzerland

July 2024

Table of Contents

KEY DATA FINDINGS

2023 DEVELOPMENTS

Adaptability is a major reason why flexible plastic is used for countlines

Blister and strip packs are used for gum due to their portability

Flexible plastic and board tubs mainly used for chocolate pouches and bags due to their durability

PROSPECTS AND OPPORTUNITIES

Smaller pack sizes of confectionery likely to gain share due to their convenience and the health trend

Cost-effectiveness and protection set to drive the use of flexible plastic and paper for confectionery over the forecast period

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
