

# Processed Fruit and Vegetables Packaging in Spain

August 2024

Table of Contents

### KEY DATA FINDINGS

#### 2023 DEVELOPMENTS

Metal food cans gain share in shelf stable beans as a more affordable packaging option

Plastic packaging is preferred as it is more affordable

Metal food cans losing share to glass jars in shelf stable tomatoes

#### PROSPECTS AND OPPORTUNITIES

Frozen fruit to record dynamic growth over the forecast period

The 400g pack size will remain most popular as it provides good value for money

## About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
