

Sweet Spreads Packaging in Singapore

August 2024

Table of Contents

KEY DATA FINDINGS

2023 DEVELOPMENTS

PET jars continue to dominate nut- and seed-based spreads packaging

Glass jars the dominant pack type in jams and preserves and yeast-based spreads

Packs ranging from 340g to 500g are most popular in sweet spreads

PROSPECTS AND OPPORTUNITIES

PET jars will be gaining more share over the forecast period

Other plastic bottles expected to lose ground due to environmental concerns

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
