

# Setting Aside Myths For Achieving Sustainable Transformation in Latin America

August 2021

Table of Contents

## INTRODUCTION

Scope

Key findings

## SETTINGTHESCENE

Latin American consumers are more willing to act

Companies are launching products with sustainable attributes

However, the region remains among the world's most unequal

An evolving regulatory framework will further incentivise sustainability

## PRICING AND THE CIRCULAR ECONOMY

Sustainability is gaining ground among the top attributes to pay more for

But how much is too much? the mark-up dilemma

The circular economy is key to make sustainability affordable

Circular consumption in Latin America

Circularity is strongly present in packaging preferences

Case studies: transitioning towards circular packaging

The use of recycled content is a growing trend in packaging

Algramo: pay for the content not the packaging

Nivea: "Climate neutralised" skin care range

Breaking circular economy barriers in Latin America

## CONNECTING SUSTAINABILITY WITH BRAND PURPOSE

Connecting sustainability with brand purpose

Case studies: purpose driven sustainability examples

Carulla: the first carbon neutral supermarket in Latin America

Cero Market: first supermarket without packaging in Argentina

The New Denim Project: responsible innovation within apparel

Building back better in soft drinks: reuse revolutionaries

Reducing household water use requires high levels of collaboration

Home seclusion-driven boom in wipes calls for sustainable innovation

Replicable sustainable development through product innovation

## THE E-COMMERCE BOOM

Booming e-commerce performance push for cleaner deliveries

Foodservice delivery during the pandemic causes an explosion of waste

Sustainable packaging for delivery is a must

Leveraging technology and data to drive sustainability

## About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with

country-specific local insight and comprehensive data, unavailable elsewhere.
