Meals and Soups Packaging in South Africa

July 2024

Table of Contents

KEY DATA FINDINGS

2023 DEVELOPMENTS

Folding cartons continue to benefit from increasing demand for ready meals

Plastic pouches are preferred for chilled soup as they are lightweight and cost-effective

Flexible packaging preferred for dry soup in South Africa

PROSPECTS AND OPPORTUNITIES

Use of flexible plastic is set to grow as it reduces transportation costs

Demand for 350g pack size in ready meals likely to rise as it is convenient for all households

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
