Canada: Consumer Profile

October 2024

Table of Contents

INTRODUCTION

Scope

Key findings

Key drivers affecting consumers in Canada in 2023

How developments today shape the consumers of tomorrow

POPULATION AND SOCIETY

Today 2023: Millennials overtake Baby Boomers as the largest generation

Today: Ageing population bolstered by net migration as birth rate remains low

Physical exercise is the most popular activity to combat obesity, a rising health risk factor

Tomorrow 2040: Canada's population aged 65+ grows further as life expectancy increases

Tomorrow: Generation Z will be crucial consumers and largest generation in 2040

Workforce and city populations set to expand as urbanisation and migration continue

Opportunities for growth

Case study: Walmart Canada brings "store of the future" to Mississauga, Ontario

HOUSEHOLDS AND HOMES

Today 2023: Household size shrinking, but couples with children still spending the most

Today: Single person households grow rapidly, while housing crisis looms

A detached, energy-efficient home in a safe location is the Canadian ideal

Tomorrow 2040: Adult-only households with broadband internet access will lead

Tomorrow: Household heads to be males aged 60+ as traditional gender roles persist

Widespread adoption of digital technologies opens doors for smart tech businesses

Opportunities for growth

Case study: Philips Hue Smart lighting products grow in popularity

INCOME AND EXPENDITURE

Today 2023: Strong middle class supports growth in purchasing power

Today: Canadians plan to cut back on spending as housing and transport costs dominate

Gen X most concerned about finances, while Gen Z plans to increase spending in all areas

Tomorrow 2040: Average earnings to grow and rural/urban income gap will decrease

Tomorrow: Income growth aided by women and those aged 45+ as gender pay gap reduces

Consumer spending to rise slowly, with housing and transport remaining the top expenses

Opportunities for growth

Case study: Temu introduces value-focused third party marketplace

LIFESTYLES

Key findings: Consumer survey

Clash of values, with younger generations less keen to pay more for local produce

Canadians' appetite for bargains and second-hand items outstrips global average

Environmental consciousness on the rise, with eco-conscious Baby Boomers most active

Canadians are pessimistic about their finances, but Gen Z are saving for their future

As unemployment rises, Gen Z wants a high salary, while Gen X prioritises work-life balance

Opportunities for growth

Case study: Humble Potato Chips seize sustainable snacking opportunity

CONCLUSION

Key findings

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research

spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
