

Plant-Based Dairy Packaging in Ukraine

August 2024

Table of Contents

KEY DATA FINDINGS

2023 DEVELOPMENTS

Brick liquid cartons dominate plant-based milk packaging

Thin wall plastic containers the dominant pack type in plant-based yoghurt as they are durable and lightweight

Plant-based cheese remains a niche area with limited awareness, distribution or demand

PROSPECTS AND OPPORTUNITIES

Thin wall plastic containers to benefit from new product launches in plant-based cottage cheese

Recyclable packaging to see strong growth as leading brand Alpro aims to be using 100% sustainable packaging by 2030

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
